Jessie had a baby on October 10. He showed up a few weeks early. Jessie had most of this rounded up and ready to send to you, but she hasn't been around for the last 3 weeks to finish it up.

She showed me where all the materials were last Friday, and I will try to get what she has collected rounded into final form and sent to you as soon as possible.

Mike/Jessie,

Hope all is going well. I just want to follow-up with you regarding your Antelope Creek application to modify the current permit.

At this time we are not able to process your permit expansion and well conversion application.

The following past e-mails (date and subject line) outlined the areas that Petroglyph must address before we can process your application.

Please feel free to call if further discussion is needed. We look forward to working with you in moving this modification and subsequent permitting actions forward.

<u>Date</u>	<u>Subject</u>
September 9	Antelope Creek
September 16	Antelope Creek: NHPA and ESA
September 17	Antelope Creek Expansion Permit Application
